TWO BEAUTIFUL SMILES!

Sim Valley Children's Hospital
ORTHODONTICS
Orthodontics & More

When my daughter wanted to get braces, I knew I was the right choice. The entire experience made it easy - they're actually friendly to kids, and they understand my son's stress too, because they have kids of their own. With my own braces, I can explain to my son why orthodontics are so important. For some time before we had our appointment, I'd find out what a daunting visit, but it's not at all - it's just a visit!

See Children's Dental Center for a lifetime of healthy smiles.
