Dear Simi Valley Education Foundation,

Hello! It is with much gratitude that we thank you for the grant monies your foundation provided us this year. The students have benefited so much from learning and performing the play Character Matters we purchased with the grant money awarded. We were able to purchase not only the play, but also some costumes pieces and material for a backdrop! The students enjoyed learning the songs about honesty, trustworthiness, responsibility, among many other character traits. They are still singing these songs over and over! Without your help, we would not have been able to purchase the play and necessary materials. Thank you for helping make this valuable impact on our whole second grade here at Township Elementary.

Sincerely,

Kristen Marten, Laurie de 10 Garrigue,
Lindsey Qualls, MacKenzie Paranick, and Katie Jensen
