

**\$11,000
Awarded to
High School
Seniors**

Each year, the Simi Valley Education Foundation grants five deserving senior students \$1,000 scholarships so that they can attend college, technical or vocational schools and three \$2,000 endowment scholarships that must be used at a two year community college.

We are committed to supporting the continuing education and success of our students. By providing financial support, the Foundation ensures that our students are able to pursue their goals and dreams.

2013 Scholarship Recipients

Corinne Ador Dionisio - *Monte Vista*
McKayla Rosen - *Royal HS*
Natalie Titcomb - *Santa Susana HS*
Ankita Devareddy - *Simi HS*

Summer 2013

Message From 2012-2013 President of the Board Michelle Foster

I am very proud to have served as board president this past year. The Simi Valley Education Foundation, founded in 1989, exists solely because of the generosity of our supporters; businesses and individuals who value public education in Simi Valley. Whether as a sponsor, donor, event attendee or volunteer, your contributions are critical to our success and enable us to enhance the educational experience of the students in Simi Valley. It is with great pride that I've had the honor to work alongside an amazing group of dedicated individuals, all of whom volunteer their time to serve on the board of directors, ensuring that the dollars you so generously provide are distributed to programs that support our mission to bring additional resources to our schools here in Simi Valley. Heartfelt thanks to each and every one of you for your support of the Foundation and public education in Simi Valley and I look forward to seeing all of you at one of our upcoming events.

STEM Enrichment(Science, Technology, Engineering, Math) Through Robotics...

Thanks to a Grant from Alcoa Fastening Systems

This past fall we received a \$15,000 grant from Alcoa Fastening Systems to implement a STEM Enrichment program in our schools. Utilizing Lego Mindstorms NXT kits, both our elementary and secondary students, designed and built robots. Photos show our students demonstrating their finished and working robots!
