Give our children the means to excel.

You can make a direct impact on the future of children throughout our school district by partnering with the Simi Valley Education Foundation. We have supported our schools since 1989 through grants and scholarships. We depend on the generosity of our friends to continue our work to improve student achievement.

We are committed to providing all students with the opportunity to be successful by providing resources to educators for creative and innovative teaching and scholarships to students.

It is our belief that we must have a superior educational system to ensure that our students remain competitive in an increasingly global marketplace. Involving the private sector in our efforts to improve education is vital to our success.

Education is Everyone's Business!

Celebration of Education Brings in Much Needed Funds

We recently hosted our **50's Sock Hop** on March 8 2014 at the Boys & Girls Club. The gymnasium was transformed into a 1950's night -- complete with checkered table cloths and dance floor --

with our guests dressed for the era! The highlight of the evening was the mini-concert by The Tokens. The fun of the 50's inspired our Chairs Barbara Glodfelty and Carla Lowe, to create a night our guests will not soon forget. From the signature drinks that included rootbeer floats to the grilled cheese and tomato soup appetizers, our guests were transported back in time. In addition to dancing the night away we had very successful live and silent auctions. Thank you to the entire community and the hundreds of donors who support the Simi Valley Education Foundation and help maintain excellence in the public schools. It is with sincere gratitude and special thanks to the following sponsors...we couldn't do it without you! **(See more photos -- click on the link below.)**
